

Monster Rap

Song is a monster and he lives on a star
He travels in a space ship and a little green car
He's got eleven noses on a very big head
His hands and feet are purple and his fingers are red

He's a monster, monster, hairy scary monster
Doing the hairy, scary monster rap
He's a monster, monster, hairy scary monster
Doing the hairy, scary monster rap

He drinks coca cola and he eats little boys
He likes jumping up and down and making a noise
He doesn't like bananas and he doesn't like cheese
He never says "thank you" and he never says "please"

He's a monster, monster, hairy scary monster
Doing the hairy, scary monster rap
He's a monster, monster, hairy scary monster
Doing the hairy, scary monster rap
He's a monster, monster, hairy scary monster
Doing the hairy, scary monster rap
He's a monster, monster, hairy scary monster
Doing the hairy, scary monster rap
